

# Türkiye Parazitoloji Dergisi

TURKISH JOURNAL OF PARASITOLOGY

## EDITORIAL

This latest issue of our journal includes 11 research articles and 4 case reports. Wide range of articles on protozoology, helminthology and entomology fields of veterinary and medical parasitology are also published in this issue.

17<sup>th</sup> National Congress of Parasitology which included an international symposium for the first time and had a rich content both scholarly and socially was carried out successfully between 4<sup>th</sup> and 10<sup>th</sup> of September. 64 oral and 169 poster presentations were presented during this congress. The Journal of the Faculty of Veterinary Medicine, University of Kafkas is set to publish 40 of these presentations in a supplement issue. Detailed information about this subject is available on the website of Turkish Society for Parasitology. I would like to state our wishes to receive your original research, case report and review articles to publish on our journal and I present my respect hoping this issue will be useful to your scientific researches and archives.
